Box Trade is a trusted name in global shipping container trading, delivering quality containers to support logistics, storage, and transportation needs worldwide.

We specialize in the buying, selling, and trading of shipping containers, offering dependable solutions for cargo transport, storage, and customized applications. Backed by industry expertise and a customer-first approach, Box Trade keeps your operations moving smoothly.

CONTAINER SALES

We specialize in the sale of high quality new and used shipping containers designed to meet the demands of global trade, storage, logistics and project needs across industries. Our containers are carefully selected to comply with international standards.

DOMESTICATED CONTAINERS IN INDIA (SALES AND LEASING)

Domesticated containers provide a practical solution for exporters and importers by minimizing repositioning delays and avoiding high detention charges. Locally available and ready for use, they support smooth domestic, coastal, and cross border movements across India.

CONTAINER CSC REVALIDATION:

Our CSC Revalidation services provide thorough inspection and certification, ensuring containers meet international safety requirements while maximizing asset lifespan and operational efficiency.

CONTAINER LEASING

Designed for modern global trade, our container leasing solutions deliver quality, flexibility, and cost efficiency. With a wide range of containers, we support seamless cargo movement at every stage of your supply chain.

SHIPPER OWNED CONTAINERS (SOC)

SOC solutions empower shippers with predictable costs, flexible routing, and faster turnaround times. By using your own containers, you can avoid carrier dependency, reduce detention exposure, and ensure smoother cargo movements.

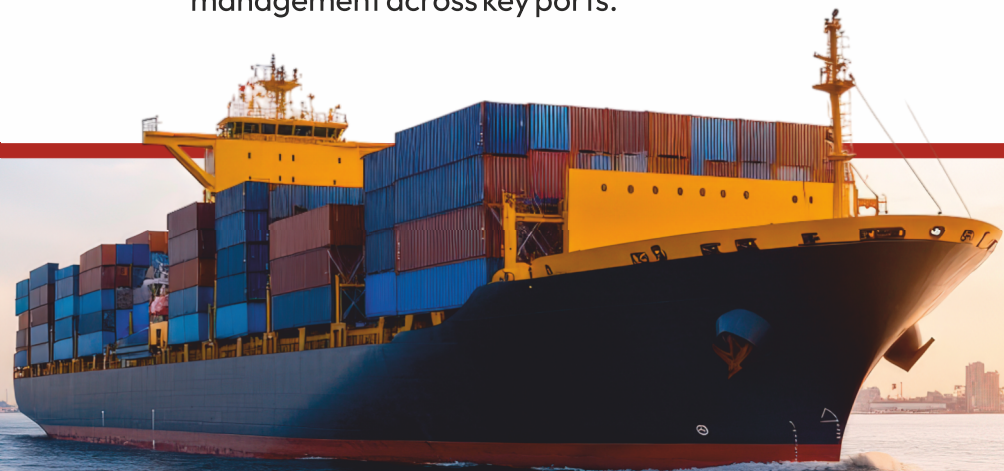

DEPOT SERVICES

Our Container Depot services provide secure storage, efficient handling, and professional maintenance of containers at strategically located facilities. With streamlined operations and industry compliant processes, we support smooth cargo movement and equipment management across key ports.

Our Containers

REFRIGERATED CONTAINERS

Navigate the world of temperature-controlled logistics with our state-of-the-art refrigerated containers. At Box Trade, we specialize in providing high-quality reefer containers that guarantee the optimal preservation of your temperature-sensitive goods.

DRY CONTAINERS

Discover the backbone of global trade with our extensive range of dry containers. Designed to meet the demands of international shipping, our containers offer a secure, efficient, and cost-effective solution for transporting your goods across land and sea.

OPEN-TOP CONTAINERS

Open top containers provide a practical solution for transporting oversized or irregularly shaped cargo, allowing efficient loading and unloading from the top. Open Top Containers are used for cargo that cannot be easily loaded through the door and needs top loading.

FLAT RACK CONTAINERS

Flat racks are used to transport oversized, heavy, or irregularly shaped cargo that cannot fit into standard containers. These specialized shipping containers play a crucial role in transporting oversized, heavy, or irregularly shaped cargo that won't fit into standard containers
